What People Think About Us

Swing Shower Cabin

I called this company to install standing walk-in shower glass. They came out right away to give a great, competitive estimate price and a quick installation date too. On the date of installation, the concern person texted twice to keep me informed of fixing schedule. The finished product looks beautiful and installation was professional. Recommended this company.

Bathtub Sliding Enclosure

Professional, honest, very competitive price as per market!!!!!
I can't say enough about this glass company. Excellent job on my bathtub sliding shower enclosure. This was a pretty difficult job because its tiles cutout edge. Technical guy did a fantastic job shaping the sides to perfectly match the profile. I have found the best glass company and call on again for future projects.

Shower Glass Partition DXB

"Bathroom" may seem like a very small area to put any renovation and interior designing ideas into. But being a glass company, we are totally dedicating our core works into bathroom glass partitions by providing multiple glass solutions that provide the ultimate bathroom interior renovation decorum. Our services for glass partition renovation in the domain for bathrooms range from any simple standard fixed glass to an entirely customized shower enclosures. In addition, it comes with specific size, glass type, graded materials such as Stainless Steel and even aluminum, unique RAL Powder coated finishing to name a few. Shower area can be modified from a normal shower area to any remarkable shower enclosures with custom design options. The best solution we offer for clients who are looking into implementing royalty in their shower glass is with Crystal Clear Glass.

Making them framed, frameless or entirely concealed are also available. But maximal customization is when implemented a requirement that is to match similar of same color finishing of the existing bathroom interior. A mostly, mistaken assumption is that only a square shaped shower area can be transformed into a shower enclosure. At Shower Glass DXB, we also have multiple options for various areas located at certain angle such as a Corner; U or even L Shaped shower enclosure. In other words, Even for such areas, we have plenty of shower glass solutions. Namely shower screens, enclosures, cubicles, shower stopper to name a few. In addition, the individual look that renovation must include. And for small shower areas, a simple shower door can be installed. To make it to be an entire shower enclosure with one swift installation.

Crystal Tempered Glass

Crystal glass which are also known as Low iron glass are widely used to exhibit royalty. But in terms of durability they are all equal to any normal clear glass. But what makes it unique and distinguishable is its appearance which has a finishing that eliminating the greenish tinted from it. Therefore, the whole point of doing a bathroom renovation is to making it look much fancier than it actually. And at the same time maintaining equal high quality with each installation. Shower Glass DXB, we have incorporated innovative designs into every aspect of glass services with promised quality with each installation. Our services such as shower glass partition, glass shower partition, glass partition for shower, shower partition glass, shower glass partition dubai, shower glass, partition dubai price, glass shower screen, wall mirror dubai, full length wall mirror dubai, decorative wall mirror dubai, mirror decor wall, mirror for wall, [blog] wall mirror, mirror decoration on wall, backlit mirror for bathroom, shower screen, shower enclosure dubai, shower screen bathtub in Dubai, United Arab Emirates.

The Ultimate Guide to Shower Glass Partitions & Enclosures in Dubai

If you're looking for shower glass partitions in Dubai, you've come to the right place! We specialize in all types of shower partitions, enclosures, and bathtub screens that make your bathroom look beautiful while being super practical. Whether you want a frameless shower glass partition, sliding shower glass doors, or fixed shower screens, we've got you covered.

Why Choose Glass Shower Partitions?

Glass showers are the best choice for modern bathrooms because: | They make your bathroom look bigger and brighter | Easy to clean and maintain | Super strong and safe (we use tempered glass) | Available in many styles to match your home

Our Popular Shower Glass Services in Dubai

1. Frameless Shower Glass Partitions

Want a super sleek look? Frameless shower glass partitions in Dubai are super popular because they look modern and classy. Perfect for luxury homes and hotels!

2. Sliding Shower Glass Doors

Short on space? Sliding shower glass doors in Dubai are perfect because they don't need extra room to open. Smooth, easy to use, and great for small bathrooms.

3. Fixed Shower Screens

If you like a simple, clean look, fixed shower screens in Dubai are a great choice. They don't move, so they're super sturdy and stylish.

4. Frosted & Tinted Glass Partitions

Need privacy? Frosted glass shower partitions let light in while keeping things private. Tinted glass shower partitions add a cool, modern touch and help control light.

5. Walk-In Shower Enclosures

Want a luxury spa feel? Walk-in shower enclosures in Dubai give you an open, relaxing shower experience. No doors, just a beautiful open entrance.

6. Bathtub Glass Screens & Partitions

Tired of water splashing out of your bathtub? We install:

Bathtub screen installation in Dubai (custom-fit glass screens)

Sliding bathtub shower screens (saves space) | Fixed bathtub glass screens (strong and simple)

Frameless bathtub glass screens (sleek and modern)

Worried about cost? We offer clear pricing for bathtub shower screen installation cost in Dubai so you know exactly what to expect.
